

Tub Style Multi-lift

The Tub Style heavy-duty residential dual lift container was designed for both a pull-plate or hook-lift system.

The Tub Style heavy-duty residential dual lift container was designed for both a pull-plate or hook-lift system. The tub design allows the bin to be easily stacked with a cleaner look and a stronger base. The sides of the container are ideal for advertising a company logo. The size of the container allows the operator to drop the container into those tight spaces.

Manufactured in three sizes; 6, 12 and 15 Cubic Yards

- 7 gauge floor
- 10 gauge walls
- 12 gauge dual doors and bulkhead
